

OUTLAW RAIL STRIKE ENDS

PROHIBITION WILL BE DECIDED ON BY HIGH COURT

Supreme Court To Take Up National Matters Following Two Weeks Recess.

Washington, April 19.—The U. S. Supreme court meets at noon today after a recess of more than two weeks. A number of important decisions are expected to be handed down by the court during the afternoon.

Greatest public interest attached to final options by the court in these cases:

Constitutionality of the national prohibition amendment and of the Volstead enforcement act.

Divorcement of the so-called coal railroad carriers from their anthracite coal ownership and discontinuance of such railroads from their sales control of coal.

Constitutionality of the farm loan banks act.

Constitutionality of the federal law imposing a special tax on child labor.

Liability of owners for damages resulting from the Black Tom Island munitions explosion.

The supreme court heard arguments early in April in these cases brought to determine the constitutionality of the prohibition amendment and the enforcement law. While it would be exceptional for the court to render a decision on so important a matter within so short a time, a decision in the case today is not an impossibility. The court has been made aware of the great public interest in the questions laid before it before final adjudication and the briefs submitted in the cases indicate the vast amount of personal interest involved.

In the states of Rhode Island and New Jersey in original proceedings have made the most interesting assaults on the laws. They have challenged the constitutionality of the amendment and asked for an injunction against the attorney general and commissioner of internal revenue from enforcing the Volstead act on grounds alleging illegal invasion of states rights to control domestic taxes, impairment of state revenues, unauthorized interference with intrastate commerce, usurpation by the federal government of the state power of concurrence in enforcement of the laws, illegal control of non intoxicating beverages, unlawful seizure of property without due compensation, illegal proclamation of ratification of the prohibition amendment in advance of such ratification under referendum laws of 21 states, and other allegations.

Uniting with the states in their attacks on the laws were appeals brought by private interests from Massachusetts, Kentucky and New Jersey against adverse decisions to such interests sustaining the law handed down by federal judges.

NEGRO SUSPECT IS TAKEN TO LEXINGTON DENIES CONNECTION

Lexington, Ky., April 19.—Lucien Jenkins, negro charged with an attack on 6-year-old Willie Tramble of Danville, Ky., was rushed to Lexington by automobile to prevent possible violence at the hands of a mob of angry Danville citizens, who made threats against his life.

Jenkins was taken to the Fayette county jail and officials refused to make any statement concerning the report that he was being brought here until the news was given out later by the Boyle county officials who brought him to Lexington from the scene of the attack.

The negro still denies that he was in any way connected with the assault on the Tramble child, declaring that he was at his home eating supper at 7 o'clock, the time when the child was attacked. The negro admits, however, that he had a disagreement with the parents of the child.

The negro said that so far as he knew he had never seen Keith Phillips, white boy, who is also being held in connection with the case.

Reports from Danville were that the Tramble child is recovering from the fractured skull he received when attacked and his physicians are confident he will recover.

Two Cycle Riders Killed.

Warren, O., April 19.—Michael Brennan of Struthers and an unidentified man were killed at Leavittsburg, three miles west of here, when an Erie passenger train struck a motorcycle on which they were riding.

Baby Found In Auto.

Canton, O., April 19.—George F. Putnam, single, found a 2-weeks-old baby in his automobile, which he had parked on the edge of the business district. The baby was taken to a local hospital.

B. OF R. T. OFFICIAL OFFERS PRESIDENT HIS AID IN STRIKE

W. N. Doak, vice president of the Brotherhood of Railroad Trainmen, has been his organization's representative in Washington during the outlaw strike of railroad yardmen and switchmen. He recently called at the White House to offer his services to do anything possible to end the strike.

SUPREME COUNCIL MEETS IN ITALY U. S. NOT COUNTED

First Formal Session Held Monday At San Remo—Turkish Treaty Is Considered By Organization.

Rome, April 19.—The first business taken up by the allied supreme council at its first formal session at San Remo today was comprised of questions in connection with the peace treaty with Turkey.

This procedure was decided upon at a conference in the Duvanchant palace, where the sessions are being held, attended by Premiers Nitti of Italy, Lloyd-George of Great Britain and Millerand of France. With the premiers were Foreign Minister Scialoja of Italy, Earl Curzon, the British foreign secretary, and General Berthelot, the French chief of staff.

It developed definitely that the United States would not be represented at the conference. The arrival at San Remo of Robert Underwood Johnson, the American ambassador to Italy, gave rise for a time to the belief that the American government had decided to have a representative at the supreme council sessions.

The prime ministers of the three great powers, Nitti, Millerand and Lloyd-George, have expressed very decided regret that the United States government was taking no part in what is regarded as one of the final acts of the peace conference.

Another subject which has not been much mentioned yet, but which will be brought before the council before its close, will be the condition of international exchange and the position in which Italian industry has been placed by lack of coal. The Hungarian treaty will have to be passed upon finally, with the prospect ahead that the present Hungarian government may refuse to sign it. Then there is the vastly important question of compelling Germany to fulfill the treaty of Versailles, regarding which an early declaration by the conference is expected.

GOVERNMENT WILL PURCHASE LIBERTY BONDS ON MARKET

Washington, April 19.—Government purchase of liberty bonds in the open market, except through operation of the sinking fund, will end July 1, Secretary Houston announced. A "beneficial effect" on the bond market was expected to result, he said. Other officials said the market in government securities had already begun to right itself, and that bond quotations hereafter might be expected to trend upward. Mr. Houston explained that in continuing the purchase of bonds under the 5 per cent bond purchase fund the government was increasing its floating debt while decreasing its funded debt. He said that current requirements of the government were such that, if the purchase of bonds were to continue, the treasury would have to issue more certificates of indebtedness with which to buy them.

REALTY COMPANY TO AUCTION OFF DODDS ESTATE

Contract Signed With Gerth Company To Develop New Section Of Xenia, Report.

The Roberts estate in this city, now owned by Frank W. Dodds, of the George Dodds and Sons Granite Works, and vice president of the Chamber of Commerce, will be developed and the lots sold at auction by the Gerth Realty Company of New Orleans, the largest realty development concern in the country. This announcement is the result of the signing of a contract between Mr. Dodds and the Gerth Company, which has just been consummated. The Gerth company will come here about the first of May to begin the campaign to open up the vast tract. The Chamber of Commerce, through the activities of the Civic Affairs Committee has been instrumental in securing the Gerth company after considerable investigation of the work of that organization in different parts of North America. Ralph E. Gerth, representing the company, was in this city in February and negotiations were opened at that time and later carried on until the contract was signed.

The Gerth realty experts will spend approximately three weeks in this city, two weeks being spent on educational work and the third week will be the time set for the sale of the lots by auction. The representatives of the company work under a big tent after the manner of a chautauque and the auction sale will be held regardless of the weather. Mr. Dodds, who has just signed the contract with the Gerth company, said Monday that it was only after careful consideration that he had decided upon turning over the sale of the Roberts tract, and he felt that the people of this city who were interested would appreciate the fact that they would be able to name their own price on the lots.

The new owner of the sub-division also said that he intends pushing the work of constructing sidewalks, curbs and gutters and of grading the streets in this addition early this spring and summer.

Citizens of Greene county, Dayton and Springfield, will be invited to test the would appreciate the fact that will be held here by the Gerth company, and it is expected that the auction will result in the disposal of several hundred of the most desirable lots ever offered in the city, thus meaning a big boom to the development of Xenia.

Secretary L. C. Tingley, of the Chamber of Commerce said when interviewed that the Chamber of Commerce was in no way personally interested in bringing this organization to Xenia, except that the Chamber of Commerce in general is anxious to have Mr. Dodds' plans carried out in regard to his original idea for giving a spacious park to the city and for the general use of all the citizens.

The Gerth Realty Company, which will handle the development of the tract, were in Austin, Texas, the first part of this month and now are in Oklahoma City, where they are disposing of one of the largest industrial sub-divisions of the Southwest in five days. Their coming to this city was the result of the personal investigation of Ralph E. Gerth, who estimated the local sub-division as one of the finest in the country.

Part of the equipment of company has already arrived in this city and more will follow shortly.

NOTED SURGEON SHOT IN CHURCH BY A RADICAL

New York, April 19.—Dr. James Markoe, famous surgeon, was shot and killed yesterday while taking up the offering at the morning service in the fashionable St. George's Protestant Episcopal church.

His assailant was captured after a short chase by a group of parishioners, who narrowly escaped leaden missiles fired by the fleeing man. At the police station the prisoner gave his name first as Thomas W. Shelley and later as Thomas W. Simpson. The police said he told them he had escaped from the eastern state hospital for the insane at Williamsburg, Va.

The church was crowded, many being representatives of the wealthiest families in New York, when the shooting occurred, but there was no panic. Dr. Markoe was shot over the left eye and died while being removed to a hospital.

Shelley admitted that he had shot Dr. Markoe, according to the police. "There are a lot more who are going to get it, too," he is reported to have said when questioned by police detectives. Radical papers were said to have been found in his valise.

YAQUI JOIN IN SONORA REVOLT; SECEDING STATE BORDERS ON U. S.

Group of Yaqui Indians; international boundary at Nogales, showing American sentry at left and Mexican sentry at right.

The secession of the state of Sonora from Mexico seems certain to increase the turmoil below Uncle Sam's southern border. All Sonora, including the wild Yaqui Indians, 5,000 strong, is in revolt against Carranza, who is just across the border from Arizona, and the photo shows one of the monuments marking the line. If there is much fighting in Sonora more Mexican troops probably will be dispatched to the boundary.

REVOLUTIONARY MOVES IN MEXICO SPREADING

GOMPERS COMES OUT FAVORING RAIL CONTROL

Washington, April 19.—Samuel Gompers has come out for government control of the railroads, as spokesman for the American Federation of Labor, and friends of Warren S. Stone, chief of the Brotherhood of Locomotive Engineers and president of the Plumb plan league, are inclined to gloat over it, as another victory for Stone and another indication of his influence on the policies of the federation.

In pamphlets just issued containing his editorial in the current issue of the federation's official magazine, in which he sets forth the principles on which the federation will stand in the coming political campaign, Gompers announces its support of federal railroad control.

The pamphlets are causing comment in labor circles due to the fact that the editorial as it appears in the federationist and as given out to the newspapers contains no word as to the federation's attitude on the railroad question.

Inquiries at the federation's headquarters today brought the explanation that the statement appearing in the pamphlet issue of the editorial repeating a declaration for a government ownership or control of the railroads made by the federation's last convention has been left out of the original editorial "by mistake." According to the Plumb plan advocates, Gompers was forced to insert the statement after a conference in which Warren S. Stone and the other railroad union executives present made clear that the "big four" railroad brotherhoods and the railroad unions which direct the policies of the Plumb plan league, would "go it alone" in their political progress unless there was better "co-operation" on the part of the federation.

Japs and Chinese Clash.

Harbin, Manchuria, April 19.—Fighting is reported between Japanese and Chinese troops on the railroad to the west of Harbin. South of this city the Japanese have occupied several stations on the railroad to the north of Changchun.

Accidentally Kills Sister.

Dayton, O., April 19.—While two children of William S. Hensel, Virginia, 5, and Lawrence, 7, were playing with a loaded revolver, the girl was shot and killed. The boy said "he didn't know how it happened."

Gen. Obregon Pledges Support to Revolutionists In Manifesto To Slate Of Sonora.

Mexico City, April 19.—The revolutionary movement which began with the uprising in the state of Sonora, is spreading. General Enrique Estrada, governor of the state of Zacatecas, has taken up arms against the Carranza government and is supported by nine regiments, it was announced today by Gen. Juan Barragan, the chief of staff.

Gen. Obregon, candidate for the presidency of Mexico, who fled from this city, was reported today to be preparing a manifesto pledging his support to the revolutionists in the state of Sonora.

General Candido Aguilar, son-in-law of President Carranza has been called to the colors for active service. He is named commander in chief of the federals in the state of Chihuahua, and is under orders to take the field against Francisco Villar, who is said to be attempting to join the insurrectionists in Sonora.

According to General Barragan the state of Zacatecas is not in revolt and the movement there is supported only by the former governor. Gen. Estrada is said to have presented his resignation formally to the state legislature. It was accepted and a new local government was sworn in which pledged its allegiance to President Carranza.

Gen. Ignacio Pesqueira who is proceeding to Sonora at the head of a detachment of federal troops to give battle to the secessionists, has been appointed governor of the state of Sonora by President Carranza to succeed Gen. De La Huerta.

Pascual Ortiz Rubio, governor of the state of Michoacan, who has disappeared from Morelia, the capital, is reported to be on his way to Sonora to join the revolutionists.

The government has received additional advice to confirm earlier reports that Gen. Alvaro Obregon, candidate for the presidency of Mexico, is en route for Sonora. He is said to be collecting troops as he proceeds.

Minister of Interior Berlanga brands as false the reports that the government has invited representatives of the Sonora revolutionists to a parley. He declared that the government is taking military measures to crush the revolutionists in Sonora and elsewhere "with an iron hand."

Situation Unchanged.

Cleveland, April 19.—The railroad strike situation in Cleveland is unchanged, all local terminals with the exception of the New York Central Collinwood yards and the Erie railroad still remaining nearly completely tied up.

FEDERAL AGENTS SEEK TO FIND REAL CAUSE OF STRIKE; CHICAGO HIT

Palmer Absolves Majority Of Strikers From Blame; Department Of Justice Aiming To Prevent Further Trouble.

Washington, April 19.—Federal grand juries in many parts of the country today were probing to find the real causes behind the unauthorized railroad strike. So called "outlaw" strike leaders who have been under subpoenas for several days were to be questioned by the juries, which in most cases were crisscrossed to review the strike trouble and determine the grounds for possible indictments.

Assistant Attorney General Francis J. Garvan, actively directing this phase of the work from Washington said it was not possible to estimate the number of indictments which may be returned. Many subpoenas were issued and it is expected the number of individual cases to be listed for prosecution would be heavy.

Attorney General Palmer was practically absolved from the blame the larger part of the employees who participated in the strike. Mr. Palmer stated in a general way that the evidence shows most of the men simply "followed blindly" the so-called extremist elements.

With the "outlaw strike" practically at an end the department of justice today turned its attention toward preventing if possible, tie ups in other large industries, scheduled for May 1, as a result of alleged conspiracies.

Attorney General Palmer admitting he has knowledge of dates for various walkouts and is in possession of fact concerning collusion among leader promoting the strikes, remained extremely reticent as to what the department will do to check such outbreaks.

Cleveland April 19.—Although practically all of the railroads reported men returning to work today, there is no forecast of an immediate break in the railroad strike here. With the slow return of workers, freight conditions are reported improved. The embargo on shipments to Buffalo has been lifted and plans are being made to lift others as soon as possible.

While the railroad officials are claiming that the strike is collapsing the strikers according to their leader Frank J. O'Rourke, are prepared to remain out until they receive some definite answer to their wage demands. "At our meeting yesterday we had delegates here from Lorain, Ashtabula, Youngstown, Sharon, and other points," said O'Rourke today, "and all said they were with us."

"I expect an answer from the railway wage board at Washington today and we will be able to say whether we will return to work or not. The railroads ultimatum, that we must return to work by 10 o'clock this morning or our places will be filled by others will have no effect on our men."

FARMERS RESTIVE, PROBLEM IS BEFORE FARM FEDERATION

Columbus, April 19.—Murray D. Lincoln, executive secretary of the Ohio Farm Bureau federation, announces that farmers as well as city dwellers have a feeling of uncertainty as to what to do, what is in store for them and how the much-discussed reconstruction period will pan out for them. The complaint of the farmers, says Lincoln, is largely that of city folks, the cost of living is too high. They don't get enough returns for their produce to make farming profitable, he says. The immediate problem before the farm bureau, therefore, is to try to raise prices to the farmers, but lower them to the consumer, according to Lincoln. That's the only solution to the high cost of eating problem, he asserts, and while it will be along and slow process, it must and can be brought about by farmers acquiring greater ownership in and greater control over the distribution process.

Three Burned To Death.

Port Clinton, O., April 19.—Three men were burned to death and two others seriously burned when fire broke out in the Matthews Boat company's plant here. The dead men were E. Gove, M. J. Roy and L. Pearce, all of New York city. W. C. Fadden of Clayton, N. Y., and C. J. Frederick of Buffalo were badly burned. The men were visiting yachtsmen.

Freight Handlers Threaten To Join Switchmen's Strike In Chicago—Embargo On Freight Is Expected.

Chicago, April 19.—A return to Chicago of a complete freight tie-up and the establishment of a drastic freight embargo on all roads loomed today when 8,000 freight handlers and three thousand railroad clerks threatened to join the switchmen's strike Tuesday. A strike vote on the proposition is to be taken tonight.

It was stated by George A. Worrell chairman of the Brotherhood of Railway Clerks that a strike is almost sure to be voted unless the railroads avert it by capitulating to the demands of the freight handlers and railroad clerks for a wage increase. This railroad officials declare they cannot do as the Cummins-Esch law, they say, forbids settlement by the railroads directly. They believe that a complete food blockade and industrial tieup will result here if the strike is declared.

Ten of the switchmen's strike leaders including John Grunau, were rearrested by U. S. Marshals, Sunday on charges of violating the Lever act. Oue, H. Reading, was sent to jail in lieu of \$10,000 bail. Railroad managers report the switchmen's strike situation throughout the west as much improved.

Chicago, April 19.—A. F. Whitney, vice president of the Brotherhood of Railroad Trainmen, said brotherhood officers would meet to consider revoking charters of locals whose members refused to return to work last midnight.

Mr. Whitney said the brotherhood edict that strikers who did not report for duty would be expelled from the organization, with loss of seniority rights, would be enforced and that the charters of at least four of the 16 brotherhood locals in Chicago would be revoked.

The General Managers' association announced that indications are that the insurgent strike of railroad employees in the Chicago terminal district virtually had lost its effectiveness.

Mr. Whitney said he had received reports that groups of strikers on several railroads had returned to work yesterday. "The strike absolutely is broken," he said. "There is no question about that. There are not more than 2,000 men out here now. Our plans are now directed toward protecting our contracts with the railroads."

Strike leaders maintained that their ranks were unbroken. A meeting of the heads of the outlaw unions from all parts of the country has been called for today in Chicago by John Grunau. Plans for continuing the strike would be considered, Grunau said.

Warrants for the rearrest of John Grunau, P. V. Miller and Fred Radke were issued by United States Commissioner Lewis F. Mason. Federal agents declared the men had broken faith with the government in attending meetings of striking switchmen after they had been released on promise to take no further part in the strike movement.

SMITH PROMISES RULING ON PENDING MEASURES IN OHIO

Columbus, April 19.—Secretary of State Smith announced he will rule shortly whether the Ohio referendum measures hanging over from last year shall go on the ballot along with the new suffrage referendum filed Saturday and the new prohibition referendum to be filed in a few weeks.

Filing of 75,242 signatures for a referendum on the Reynolds presidential suffrage bill of last January took away from Ohio women every chance of voting at the primaries April 27. The only chance for women to vote in November is through ratification of the federal amendment by three-fourths of the states.

The referendums hanging over include the Crabbe act, forbidding use of liquor with more than one-half per cent of alcohol content; the Crabbe act, extending local option search and seizure laws to statewide application; the Miller act, providing for a state prohibition commissioner, and the Reynolds-Fouts act, giving Ohio women presidential suffrage.

OUTLAW RAIL STRIKE ENDS

PROHIBITION WILL BE DECIDED ON BY HIGH COURT

Supreme Court To Take Up National Matters Following Two Weeks Recess.

Washington, April 19.—The U. S. Supreme court meets at noon today after a recess of more than two weeks. A number of important decisions are expected to be handed down by the court during the afternoon.

Greatest public interest attached to final options by the court in these cases:
Constitutionality of the national prohibition amendment and of the Volstead enforcement act.
Divorcement of the so-called coal railroad carriers from their entangled coal ownership and discontinuance of such railroads from their sales control of coal.
Constitutionality of the federal law imposing a special tax on child labor.

Liability of owners for damages resulting from the Black Tom Island munitions explosion.
The supreme court heard arguments early in April in these cases brought to determine the constitutionality of the prohibition amendment and the enforcement law. While it would be exceptional for the court to render a decision on so important a matter within so short a time, a decision in the case today is not an impossibility. The court has been made aware of the great public interest in the questions laid before it before final adjudication and the briefs submitted in the cases indicate the vast amount of personal interest involved.

In the states of Rhode Island and New Jersey in original proceedings have made the most interesting assaults on the laws. They have challenged the constitutionality of the amendment and asked for an injunction against the attorney general and commissioner of internal revenue from enforcing the Volstead act on grounds alleging illegal invasion of states rights to control domestic taxes, impairment of state revenues, unauthorized interference with intra-state commerce, usurpation by the federal government of the state power of concurrence in enforcement of the laws, illegal control of non-licensing beverages, unlawful seizure of property without due compensation, illegal proclamation of ratification of the prohibition amendment in advance of such ratification under referendum laws of 21 states, and other allegations.

Uniting with the states in their attacks on the laws were appeals brought by private interests from Massachusetts, Kentucky and New Jersey against adverse decisions to such interests sustaining the law handed down by federal judges.

NEGRO SUSPECT IS TAKEN TO LEXINGTON DENIES CONNECTION

Lexington, Ky., April 19.—Lucien Jenkins, negro charged with an attack on 6-year-old Willie Tramble of Danville, Ky., was rushed to Lexington by automobile to prevent possible violence at the hands of a mob of angry Danville citizens, who made threats against his life.

Jenkins was taken to the Fayette county jail and officials refused to make any statement concerning the report that he was being brought here until the news was given out later by the Boyle county officials who brought him to Lexington from the scene of the attack.

The negro still denies that he was in any way connected with the assault on the Tramble child, declaring that he was at his home eating supper at 7 o'clock, the time when the child was attacked. The negro admits, however, that he had a disagreement with the parents of the child.

The negro said that so far as he knew he had never seen Keith Phillips, white boy, who is also being held in connection with the case.

Reports from Danville were that the Tramble child is recovering from the fractured skull he received when attacked and his physicians are confident he will recover.

Two Cycle Riders Killed.
Warren, O., April 19.—Michael Brennan of Struthers and an unidentified man were killed at Leavittsburg, three miles west of here, when an Erie passenger train struck a motorcycle on which they were riding.

Baby Found In Auto.
Canton, O., April 19.—George F. Putnam, single, found a 2-weeks-old baby in his automobile, which he had parked on the edge of the business district. The baby was taken to a local hospital.

B. OF R. T. OFFICIAL OFFERS PRESIDENT HIS AID IN STRIKE

W. N. Doak, vice president of the Brotherhood of Railroad Trainmen, has been his organization's representative in Washington during the outlaw strike of railroad yardmen and switchmen. He recently called at the White House to offer his services to do anything possible to end the strike.

SUPREME COUNCIL MEETS IN ITALY U. S. NOT COUNTED

First Formal Session Held Monday At San Remo—Turkish Treaty Is Considered By Organization.

Rome, April 19.—The first business taken up by the allied supreme council at its first formal session at San Remo today was comprised of questions in connection with the peace treaty with Turkey.

This procedure was decided upon at a conference in the Duvanchat palace, where the sessions are being held, attended by Premiers Nitti of Italy, Lloyd-George of Great Britain and Millerand of France. With the premiers were Foreign Minister Scialoja of Italy, Earl Curzon, the British foreign secretary, and General Berthelot, the French chief of staff.

It developed definitely that the United States would not be represented at the conference. The arrival at San Remo of Robert Underwood Johnson, the American ambassador to Italy, gave rise for a time to the belief that the American government had decided to have a representative at the supreme council sessions.

The prime ministers of the three great powers, Nitti, Millerand and Lloyd-George, have expressed very decided regret that the United States government was taking no part in what is regarded as one of the final acts of the peace conference.

Another subject which has not been much mentioned yet, but which will be brought before the council before its close, will be the condition of international exchange and the position in which Italian industry has been placed by lack of coal. The Hungarian treaty will have to be passed upon finally, with the prospect ahead that the present Hungarian government may refuse to sign it. Then there is the vastly important question of compelling Germany to fulfill the treaty of Versailles, regarding which an early declaration by the conference is expected.

GOVERNMENT WILL PURCHASE LIBERTY BONDS ON MARKET

Washington, April 19.—Government purchase of liberty bonds in the open market, except through operation of the sinking fund, will end July 1, Secretary Houston announced. A "beneficial effect" on the bond market was expected to result, he said. Other officials said the market in government securities had already begun to right itself, and that bond quotations hereafter might be expected to trend upward. Mr. Houston explained that in continuing the purchase of bonds under the 5 per cent bond purchase fund the government was increasing its floating debt while decreasing its funded debt. He said that current requirements of the government were such that, if the purchase of bonds were to continue, the treasury would have to issue more certificates of indebtedness with which to buy them.

REALTY COMPANY TO AUCTION OFF DODDS ESTATE

Contract Signed With Gerth Company To Develop New Section Of Xenia, Report.

The Roberts estate in this city, now owned by Frank W. Dodds, of the George Dodds and Sons Granite Works, and vice president of the Chamber of Commerce, will be developed and the lots sold at auction by the Gerth Realty Company of New Orleans, the largest realty development concern in the country.

This announcement is the result of the signing of a contract between Mr. Dodds and the Gerth Company, which has just been consummated. The Gerth company will come here about the first of May to begin the campaign to open up the vast tract. The Chamber of Commerce, through the activities of the Civic Affairs Committee has been instrumental in securing the Gerth company after considerable investigation of the work of that organization in different parts of North America.

Ralph E. Gerth, representing the company, was in this city in February and negotiations were opened at that time and later carried on until the contract was signed.

The Gerth realty experts will spend approximately three weeks in this city, two weeks being spent on educational work and the third week will be the time set for the sale of the lots by auction. The representatives of the company work under a big tent after the manner of a chautauqua and the auction sale will be held regardless of the weather.

Mr. Dodds, who has just signed the contract with the Gerth company, said Monday that it was only after careful consideration that he had decided upon turning over the sale of the Roberts tract, and he felt that the people of this city who were interested would appreciate the fact that they would be able to name their own price on the lots.

The new owner of the sub-division also said that he intends pushing the work of constructing sidewalks, curbs and gutters and of grading the streets in this addition early this spring and summer.

Citizens of Greene county, Dayton and Springfield, will be invited to attend and would appreciate the fact that all held here by the Gerth company, and it is expected that the auction will result in the disposal of several hundred of the most desirable lots ever offered in the city, thus meaning a big boom to the development of Xenia.

Secretary L. C. Tingley of the Chamber of Commerce said when interviewed that the Chamber of Commerce was in no way personally interested in bringing this organization to Xenia, except that the Chamber of Commerce in general is anxious to have Mr. Dodds' plans carried out in regard to his original idea for giving a spacious park to the city and for the general use of all the citizens.

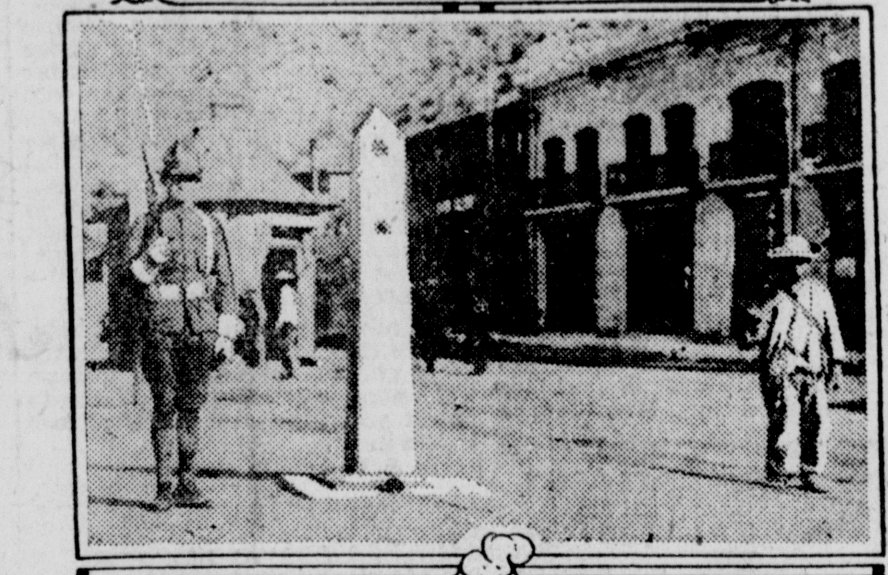

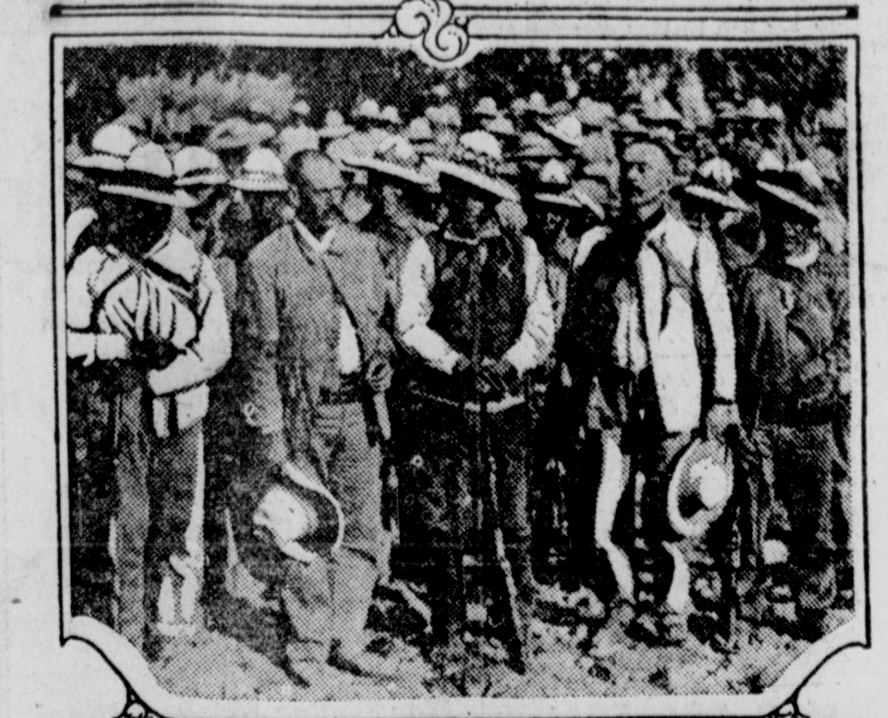

The Gerth Realty Company, which will handle the development of the tract, were in Austin, Texas, the first part of this month and now are in Oklahoma City, where they are disposing of one of the largest industrial sub-divisions of the Southwest and will sell nearly a thousand lots in five days. Their coming to this city was the result of the personal investigation of Ralph E. Gerth, who estimated the local sub-division as one of the finest in the country.

Part of the equipment of company has already arrived in this city and more will follow shortly.

New York, April 19.—Dr. James Markoe, famous surgeon, was shot and killed yesterday while taking up the offering at the morning service in the fashionable St. George's Protestant Episcopal church.

His assailant was captured after a short chase by a group of parishioners, who narrowly escaped leaden missiles fired by the fleeing man.

YAQUIS JOIN IN SONORA REVOLT; SECEDING STATE BORDERS ON U. S.

Group of Yaqui Indians; international boundary at Nogales, showing American sentry at the left and Mexican sentry at right.

The secession of the state of Sonora from Mexico seems certain to increase the turmoil below Uncle Sam's southern border. All Sonora, including the wild Yaqui Indians, 5,000 strong, is in revolt against Carranza, Sonora is just across the border from Arizona, and the photo shows one of the monuments marking the line. If there is much fighting in Sonora more American troops probably will be dispatched to the boundary.

REVOLUTIONARY MOVES IN MEXICO SPREADING

Washington, April 19.—Samuel Gompers has come out for government control of the railroads, as spokesmen for the American Federation of Labor, and friends of Warren S. Stone, chief of the Brotherhood of Locomotive Engineers and president of the Plumb plan league, are inclined to gloat over it, as another victory for Stone and another indication of his influence on the policies of the federation.

In pamphlets just issued containing his editorial in the current issue of the federation's official magazine, in which he sets forth the principles on which the federation will stand in the coming political campaign, Gompers announces its support of federal railroad control.

The pamphlets are causing comment in labor circles due to the fact that the editorial as it appears in the federationist and as given out to the newspapers contains no word as to the federation's attitude on the railroad question.

Inquiries at the federation's headquarters today brought the explanation that the statement appearing in the pamphlet issue of the editorial repeating a declaration for a government ownership or control the railroads made by the federation's last convention has been left out of the original editorial "by mistake."

According to the Plumb plan advocates, Gompers was forced to insert the statement after a conference in which Warren S. Stone and the other railroad union executives present made clear that the "big four" railroad brotherhoods and the railroad unions which direct the policies of the Plumb plan league, would "go it alone" in their political progress unless there was better "co-operation" on the part of the federation.

Japs and Chinese Clash.
Harbin, Manchuria, April 19.—Fighting is reported between Japanese and Chinese troops on the railroad to the west of Harbin. South of this city the Japanese have occupied several stations on the railroad to the north of Changchun.

Accidentally Kills Sister.
Dayton, O., April 19.—While two children of William S. Hensel, Virginia, 5, and Lawrence, 7, were playing with a loaded revolver, the girl was shot and killed. The boy said "he didn't know how it happened."

FEDERAL AGENTS SEEK TO FIND REAL CAUSE OF STRIKE; CHICAGO HIT

Palmer Absolves Majority Of Strikers From Blame; Department Of Justice Aiming To Prevent Further Trouble.

Freight Handlers Threaten To Join Switchmen's Strike In Chicago—Embargo On Freight Is Expected.

Washington, April 19.—Federal grand juries in many parts of the country today were probing to find the real causes behind the unauthorized railroad strike. So called "outlaw" strike leaders who have been under subpoena for several days were to be questioned by the juries, which in most cases were called especially to review the strike trouble and determine the grounds for possible indictments.

Assistant Attorney General Francis J. Garvan, actively directing this phase of the work from Washington said it was not possible to estimate the number of indictments which may be returned. Many subpoenas were issued and it is expected the number of individual cases to be listed for prosecution would be heavy.

Attorney General Palmer was practically absolved from the blame the larger part of the employees who participated in the strike. Mr. Palmer stated in a general way that the evidence shows most of the men simply "followed blindly" the so-called extremist elements.

With the "outlaw strike" practically at an end the department of justice today turned its attention toward preventing if possible, tie ups in other large industries, scheduled for May 1, as a result of alleged conspiracies.

Attorney General Palmer admitting he has knowledge of dates for various walkouts and is in possession of fact concerning collusion among leaders promoting the strikes, remained extremely reticent as to what the department will do to check such outbreaks.

Cleveland April 19.—Although practically all of the railroads reported more men returning to work today, there is no forecast of an immediate break in the railroad strike here. With the slow return of workers, freight conditions are reported improved. The embargo on shipments to Buffalo has been lifted and plans are being made to lift others as soon as possible.

While the railroad officials are claiming that the strike is collapsing the strikers according to their leader Frank J. O'Rourke, are prepared to remain out until they receive some definite answer to their wage demands.

"At our meeting yesterday we had delegates here from Lorain, Ashtabula, Youngstown, Sharon, and other points," said O'Rourke today, "and all said they were with us."

"I expect an answer from the railway wage board at Washington today and we will be able to say whether we will return to work or not. The railroads ultimatum, that we must return to work by 10 o'clock this morning or our places will be filled by others will have no effect on our men."

FARMERS RESTIVE, PROBLEM IS BEFORE FARM FEDERATION

Columbus, April 19.—Murray D. Lincoln, executive secretary of the Ohio Farm Bureau federation, announces that farmers as well as city dwellers have a feeling of uncertainty as to what to do, what is in store for them and how the much-discussed reconstruction period will pan out for them. The complaint of the farmers, says Lincoln, is largely that of city folks, the cost of living is too high. They don't get enough returns for their produce to make farming profitable, he says. The immediate problem before the farm bureau, therefore, is to try to raise prices to the farmers, but lower them to the consumer, according to Lincoln. That's the only solution to the high cost of eating problem, he asserts, and while it will be along and slow process, it must and can be brought about by farmers acquiring greater ownership in and greater control over the distribution process.

Three Burned To Death.
Port Clinton, O., April 19.—Three men were burned to death and two others seriously burned when fire broke out in the Matthews Boat company's plant here. The dead men were E. Gove, M. J. Roy and L. Pearce, all of New York city. W. McFadden of Clayton, N. Y., and C. J. Frederick of Buffalo were badly burned. The men were visiting yachtsmen.

Chicago, April 19.—A return to Chicago of a complete freight tie-up and the establishment of a drastic freight embargo on all roads loomed today when 8,000 freight handlers and three thousand railroad clerks threatened to join the switchmen's strike Tuesday. A strike vote on the proposition is to be taken tonight.

It was stated by George A. Worrell chairman of the Brotherhood of Railway Clerks that a strike is almost sure to be voted unless the railroad officials declare they cannot do as the Cummins-Esch law, they say, forbids settlement by the railroads directly. They believe that a complete food blockade and industrial tieup will result here if the strike is declared.

Ten of the switchmen's strike leaders including John Grunau, were rearrested by U. S. Marshals, Sunday on charges of violating the Lever act. One, H. Reading, was sent to jail in lieu of \$10,000 bail. Railroad managers report the switchmen's strike situation throughout the west as much improved.

Chicago, April 19.—A. F. Whitney, vice president of the Brotherhood of Railroad Trainmen, said brotherhood officers would meet to consider revoking charters of locals whose members refused to return to work last midnight.

Mr. Whitney said the brotherhood edict that strikers who did not report for duty would be expelled from the organization, with loss of seniority rights, would be enforced and that the charters of at least four of the 16 brotherhood locals in Chicago would be revoked.

The General Managers' association announced that indications are that the insurgent strike of railroad employees in the Chicago terminal district virtually had lost its effectiveness.

Mr. Whitney said he had received reports that groups of strikers on several railroads had returned to work yesterday. "The strike absolutely is broken," he said. "There is no question about that. There are not more than 2,000 men out here now. Our plans are now directed toward protecting our contracts with the railroads."

Strike leaders maintained that their ranks were unbroken. A meeting of the heads of the outlaw unions from all parts of the country has been called for today in Chicago by John Grunau. Plans for continuing the strike would be considered, Grunau said.

Warrants for the rearrest of John Grunau, P. V. Miller and Fred Radke were issued by United States Commissioner Lewis F. Mason. Federal agents declared the men had broken faith with the government in attending meetings of striking switchmen after they had been released on promise to take no further part in the strike movement.

SMITH PROMISES RULING ON PENDING MEASURES IN OHIO

Columbus, April 19.—Secretary of State Smith announced he will rule shortly whether the Ohio referendum measures hanging over from last year shall go on the ballot along with the new suffrage referendum filed Saturday and the new prohibition referendum to be filed in a few weeks.

Filing of 75,242 signatures for a referendum on the Reynolds presidential suffrage bill of last January took away from Ohio women every chance of voting at the primaries April 27. The only chance for women to vote in November is through ratification of the federal amendment by three-fourths of the states.

The referendums hanging over include the Crabbe act, forbidding use of liquor with more than one-half per cent of alcohol content; the Crabbe act, extending local option search and seizure laws to statewide application; the Miller act, providing for a state prohibition commissioner, and the Reynolds-Pouts act, giving Ohio women presidential suffrage.

TAKES FIRST SATURDAY NIGHT OFF IN NEARLY QUARTER OF CENTURY

For the first time in 24 years Rufus Mullen, former owner of the Rufus Mullen barber shop, enjoyed Saturday night without having to be at work in his shop.

This of course excludes Saturdays when he was on his vacation or was ill and unable to be at his place of business, but for the first time in almost a quarter of a century, he felt free to stay out of the barber shop which for years bore his name.

Mr. Mullen began following the barber trade 24 years ago, first working for Clarence Herr when he ran the Florence Hotel shop. He later was in partnership with Mr. Herr in the room on the Detroit street side of the Court House just vacated by the Ed. Wood barber shop. In 1902 he formed a partnership with Ed Wood and they opened their shop in the room in the Gazette building, then the old Commercial Hotel building, now occupied by T. C. Long and Mrs. Clara G. Reutinger.

From the Commercial Hotel room, the firm moved its shop to the room in the Allen building now occupied by the W. B. Boring book store, which like the room across the street they occupied for a year. They then moved to the room which has been occupied by Mr. Mullen in late years, and where Harvey Coates and Hugh McFadden, who purchased the shop, are now occupying it.

First as a barber and later as manager of the shop and of his whole-sale tobacco business, Mr. Mullen was confined to business until late every Saturday night. Last week the sale of the shop was made, and the Mullen-Jenkins Tobacco Company moved to a new room on Whiteman street, and for the first time Mr. Mullen enjoyed a Saturday night off duty.

FORMER XENIAN IS SEEN WITH FIGHTER

A recent issue of the Unipress, the official organ of the United Press, one of the big news service bureaus, contains a picture of Henry L. Farrell, sport editor for that service, taken with Georges Carpentier, French heavyweight champion on the boat on which he arrived in this country for his championship go with Jack Dempsey.

Mr. Farrell, who is a son of Mr. and Mrs. Henry J. Farrell of this city and who was formerly on the staff of the Gazette and Republican, has written a take-off on a farce comedy entitled, "Hullo, Georges," being a nautical assignment in two acts, which goes with the picture. The "playlet" explains how newspaper men, boarding the boat, did not recognize the well-groomed little Frenchman as the man who is to

THE KELLS CO., NEWBURGH, N. Y.

DON'T YOU BE DECEIVED

Sprays and Salves Will Not Cure Catarrh.

By the persistent use of external applications, you may stop the catarrhal discharges from your nose, and throat. The trouble will, however, return in a more aggravated form.

It is said that the glands of the nose and throat act as "an emergency plug for the human sewerage system," that when the kidneys, skin and lungs are unable to properly dispose of some of the impurities that collect in those organs, such impurities are thrown out through the glands of the nose and throat. Head colds, due to exposure must not, however, be confused with the chronic aggravated condition of the nose and throat traceable to impure blood.

The best way to relieve this condition of chronic catarrh is by cleansing the blood of the impurities that have collected in the system. There is no better treatment than Prescription C-2223, the great blood purifier. This reliable alternative prescription treatment corrects the impure state of the blood, gives the tissues an opportunity to exercise their normal functions and results in the relief of the catarrhal condition so dangerous to good health.

To help throw off the poisons, something to stimulate the liver and regulate the bowels is necessary. There is nothing better than 2223 Liver Pills. This tonic vegetable pill does not sicken or gripe. One is a dose.

Your druggist guarantees and sells Prescription C-2223 at \$1.50 a bottle and 2223 Liver Pills at 25c a box, or 2223 Laboratory, 126 Second Avenue South, will send both postpaid on receipt of \$1.75. Write for literature.

box Dempsey, and ran right past him in their search for the European champ.

In the full length photograph of the local man taken with the champ, Mr. Farrell looks to be about as tall and if anything, heavier, than the man who is to meet Dempsey for the world's title.

DETECTIVES ARREST RAIL WORKER ON ROBBERY CHARGE

Dayton, O., April 19.—Baltimore and Ohio railroad detectives in Dayton, have arrested G. W. Freeman, yard conductor, Charles Marshall and O. F. Smith, switchmen, all of Dayton, on charges of looting cars and stealing 24 pairs of shoes, valued at \$250 and 100 pounds of sheet copper valued at \$125, the loot being found in their homes.

The arrest of Marshall probably saved the lives of his sister and brother, Miss Edna and Kenneth Marshall, for while searching the house detectives found them overcome with gas in an upstairs room. Detectives called a physician and they were resuscitated.

The car looting is said to have taken place at Needmore. The same car robbed at Needmore was looted of a number of suitcases while in Dayton Friday night, and the men may be also charged with that theft. Saturday these men switched the car to Needmore and then stole the goods secreted some of them along the tracks.

Freeman was the Dayton representative of the Yardmen's Association and was instrumental in ending the walkout in Dayton.

WELL KNOWN DOCTOR DIES SATURDAY A. M.

Dr. E. C. Harris, a prominent and successful physician of Springfield, known through his practice in Clarke and Greene counties, died at his home on South Limestone street Springfield Saturday morning at 3:30 o'clock.

Dr. Harris was 75 years of age. He is survived by one son, Dr. Howard Harris, who is located at Clifton in this county, and two daughters, Mrs. J. A. Speer, of Coshocton and Miss Mabel at home. Funeral services will be held at his late home Monday afternoon at 2:30 o'clock and burial will be made in Ferncliff Cemetery.

Sore Throat, Colds

Quickly Relieved By Hamlin's Wizard Oil

Hamlin's Wizard Oil is a simple and effective treatment for sore throat and chest colds. Used as a gargle for sore throat it brings quick relief. Rubbed on the chest it will often loosen up a hard, deep seated cold in one night.

How often sprains, bruises, cuts and burns occur in every family, as well as little troubles like earache, toothache, cold sores, canker sores, stiff neck and tired aching feet. Soothing, healing Wizard Oil will always bring quick relief.

Get it from druggists for 30 cents. If not satisfied return the bottle and get your money back.

Ever constipated or have sick headache? Just try Wizard Liver Whips, pleasant little pink pills, 50 cents. Guaranteed.

WORKS HAND TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply.

He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Pour three-quarters of an ounce of Mentholized Arceine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arceine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

BARNETT G. MOORMAN IS CALLED BY DEATH

Barnett G. Moorman, aged Xenia resident, died at 6:15 o'clock Saturday evening at the home of his son, Edmund C. Moorman, 809 North King street, with whom he made his home. Death was due to a cerebral hemorrhage.

Mr. Moorman was born at Port William, Ohio and was 83 years of age at the time of his death. He was married to Mrs. Emma Cropper of Boston, Massachusetts, who died in 1900. One daughter, Mrs. Clarence Doggett, died thirteen years ago, and a son Edmund of this city is the only surviving child. He also leaves a grandson, David Barnett Doggett and a brother, W. D. Moorman of Wilmington.

Mr. Moorman had been making his home with his son in this city for the last thirteen years. On February 4, he fell on the ice and was injured and he has been failing ever since. In his boyhood he had united with the M. E. Church at Port William, and he retained his membership there at the time of his death.

Funeral services will be held at the home of his son, Edmund C. Moorman Tuesday afternoon at two o'clock in charge of Rev. D. D. Dodds. Interment in Woodland.

—All members of Zennetta Council No. 120, Degree of Pocahontas are requested to be present Monday evening, April 19. Business of importance. K. of R.

Miss Letitia Dillencourt will be the speaker in the New World Movement at the First Baptist church, next Sunday morning, and her address will be "The Political and the Practical Phases of the Program."

MRS. M. C. PORTER DIES SUDDENLY IN PITTSBURG

Mrs. Mary Clokey Porter, thank offering secretary of the Women's General Missionary Society of the United Presbyterian church, and probably the best known woman in the denomination, died suddenly of apoplexy at her home in Pittsburgh, Friday morning. A telegram announcing her death was received late Friday afternoon by Mrs. George

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success.

They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "loggy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

RUPTURED? TRY THIS FREE

New Invention Sent on 30 Days' Trial Without Expense to You.

Simply send me your name and I will send you my new copyrighted rupture book and measurement, blank. When you return the blank I will send you my new invention for rupture. When it arrives put it on and wear it. Put it to every test you can think of. The harder the test the better you will like it. You will wonder how you ever got along with the old style cruel spring trusses or belts with the leg straps to torture. Your own good common sense and your own doctor will tell you it is the only way in which you can ever expect a cure. After wearing it 30 days, if it is not entirely satisfactory in every way—if it is not easy and comfortable—if you cannot actually see your rupture getting better, and if not convinced that a cure is merely a question of time, just return it and you are out nothing. Any rupture appliance sent on 30 days' trial without expense to you is worth a trial. Tell or send word of this. EASYHOLD CO., D. 995, Koch Bldg., Kansas City, Mo.

242 BRADHURST AVE. N. Y. CITY

Smith of this city editor of the Women's Missionary Magazine, who has been associated for years with Mrs. Porter on the Women's Board.

Mrs. Porter was a daughter of the late Dr. Joseph Clokey, who more than forty years ago was a member of the faculty of Xenia Theological Seminary, and later pastor of a church in Springfield. She was married to J. J. Porter, a wholesale merchant of Pittsburgh in 1890, and her home had been in that city ever since.

She had been thank offering secretary of the Women's General Missionary Society for more than thirty years, and during that time had been instrumental in having the women of the denomination contribute more than \$2,000,000 in to the thank offering fund. She was also engaged in interdenominational and international missionary work. At the time of her death she was preparing for a general convention of the Women's Missionary Society which was to be held in Youngstown, four weeks from Friday, when she was to make her report of the year's work as thank offering secretary.

Mrs. Porter is survived by her husband, who is secretary of the Board of Church Extension and a member of the New World Movement committee of the United Presbyterian church. She also leaves a sister,

Delicate Children

There is nothing like Vinol, our Cod Liver and Iron Tonic, to build up frail, sickly children.

Her Doctor Advised Vinol

Aiken, S. C.—"My little girl five years of age had been delicate all her life. Last January pneumonia left her in a very weak, run-down condition with no appetite, and she could not keep still a minute, not even in her sleep. We were very much worried about her, and our druggist, who is a doctor, said Vinol was the best tonic he knew for one in her condition. We tried it and you ought to see how she has improved by its use. I cannot say too much for Vinol."

Mrs. LEONARD W. GEORGE.

We ask all parents of weak, sickly, delicate children in this vicinity to try Vinol with the understanding that we will return your money if it fails to benefit your little ones. Children love to take it.

Sayre & Hemphill.

MOTHER GRAY'S POWDERS BENEFIT MANY CHILDREN

Thousands of mothers have found Mother Gray's Sweet Powders an excellent remedy for children complaining of headaches, colds, fever, indigestion, stomach troubles and other irregularities from which children suffer during these days and excellent results are accomplished by its use. Used by mothers for over 50 years. Sold by Druggists everywhere.

DRECO CHECKED BAD CATARRH FOR SANDUSKY LADY

Nose, throat and stomach kept full of mucous, nose dripped and breathing was difficult.

Relief was prompt and now she feels she has entirely banished all traces from her system.

"I am very grateful for what Dreco has done in a bad case of catarrh for my wife," said Mr. A. S. Boyer of Route 1, Sandusky, O. Mr. Boyer is a well-known trimmer at the Maibohn Auto Co.

"She has suffered a long time and taken many treatments, but can't say that any had done her much good, and that was the great surprise Dreco gave us, for it showed such quick signs of overcoming the trouble. It wasn't long until the mucous was checked in her nose and throat, and her stomach became easy. The dripping ceased, her breathing became easier, especially while she was asleep. Her nerves became calm and her sleep became restful and refreshing. Dreco has done her a world of good and I strongly recommend it to all who suffer from catarrh."

Dreco is a combination of the juices and extracts of many different herbal plants that act upon the organs in a prompt and pleasant way. It relieves the stomach of its load, neutralizes the acid conditions and prevents the formation of gas; absolutely banishes constipation without the aid of pills or tablets, corrects catarrh, puts the liver in good shape and sweetens the breath; clears off the tongue and removes the bad taste in the mouth; does away with dizziness and heartburn and as a general tonic for a run-down system, especially in the Spring, time, nothing can excel this great system renovator.

Dreco is now sold by all good druggists and is being specially introduced in this city by

A TRIAL WILL CONVINCE YOU.

NOTHING that we could say would so thoroughly convince you of the value of Chamberlain's Tablets as a personal trial. We can tell you of thousands who have been permanently cured of chronic constipation, indigestion, biliousness, sick headache and disorders of the stomach and liver, but this will have little weight with you as compared to a personal trial. That always convinces.

Chamberlain's Tablets

Resinol

Wishing won't heal that rash—try Resinol

Don't dream, and spend time wishing your complexion were better, do something. The soothing, healing effect of RESINOL OINTMENT is what you need to help in dispelling that miserable rash, or those ugly blotches. Used with Resinol Soap it has the power to sink into the pores and correct the trouble, bringing improvement and relief in most cases in a surprisingly short time. Your druggist sells the Resinol products.

Local Items

Mr. and Mrs. P. K. Drake of Pueblo, Colo., are visiting Mr. Drake's mother, Mrs. Ida Drake and his brother, Lewis Drake of South Galloway street. On their way home they expect to stop in Chicago to visit Mr. Drake's sister, Mrs. George S. Ballard at Evanston.

GET IT AS DONGES. —Adv.

Alleging gross neglect of duty and unfaithfulness, Edgar McKinney has been divorced from Anna McKinney. They were married April 20, 1917, and have one child, Dolores, aged three. The plaintiff charges his wife with neglecting her household duties, and with associating with men of questionable character, and entertaining them in his home during his absence. F. W. Dunkle, attorney.

Miss Emma Dymond spent the week end in Dayton as the guest of Mrs. Virgil Allen.

Mr. and Mrs. Bert Tullis and their children Fred and John of Dayton spent the week end with Mr. and Mrs. William Golden.

Mr. and Mrs. J. F. Norckauer had as their guests, their cousins, Mr. and Mrs. Charles B. Erhart of Cincinnati Sunday.

Mrs. Vica Cooper has returned from Martinsville, Ind., where she spent the last four weeks.

WINS COMPENSATION SUIT IN COURT OF APPEALS RECENTLY

Mrs. Henrietta Goings, as the widow of Isaac Goings, is the winner in the Court of Appeals, of her suit brought against the Industrial Commission of Ohio, to compel the payment of compensation under the workmen's compensation law.

The Industrial Commission disallowed the claim, and Mrs. Goings brought suit in the Court of Common Pleas, which held that she was entitled to the compensation. The industrial commission appealed the case.

Isaac Goings was employed by the R. A. Kelly Company of Xenia, and was injured when he was struck on the leg with the handle of a truck which was thrown against him with considerable force by the falling of a barrel of manila. The suit bone was injured. The leg was bruised, dislocated and swollen. He was taken to the hospital upon the advice of Dr. H. R. Hawkins, but became nervous through fear that he was to be operated upon, and ran away from the hospital. Later he was treated for lunacy and committed to the Dayton State Hospital, where he died three days later.

Counsel representing the Industrial Commission claimed that Goings' insanity and death resulted from a syphilitic condition and was not caused by the injury.

In its decision the Court of Appeals sets forth that even if a diseased condition contributed to his illness and death, that fact itself would not be conclusive against the claim of his widow, and if the injury which the decedent received at the factory was a contributing cause of his death, the widow would be entitled to recover. The judgment of the trial court was affirmed.

Another case of the same nature from Greene county is pending before the Court of Appeals.

APRIL 20 IS LAST DAY OF DOG FREEDOM

April 20 is the final day of dog freedom.

By the proclamation just issued by the city authorities at the recommendation of Health Officer Dr. H. R. Grube, all dogs must be either confined by that time or be muzzled if they are permitted on the streets. The finding of a case of rabies here has caused the dog measure to go through as a precautionary move to prevent the spread of hydrophobia. Dogs not confined after that date and permitted to run the streets without being muzzled, will be killed by the police, under authority from the ordinance. It is the opinion of the authorities that this measure is necessary to prevent the spread of hydrophobia, and police have been instructed to carefully enforce the proclamation.

POLAND CHINA PIG OFFERED AS PRIZE

The Greene county boy who wins the "pig club" contest this year will receive a pure bred Poland China pig, the gift of the Poland China Breeders' Association.

This was decided at a meeting held by the breeders Saturday afternoon in the office of County Agent Ford S. Prince.

Oscar Kirch of Jefferson township, was the lucky lad who won the pig offered by this association last year.

The Poland China breeders decided to hold a cooperative brood sow sale, the first of February, and to join in cooperative advertising. The Greene County Farm Bureau is backing the plan to publish a pure bred live stock directory, and should this be done, the Poland China men will join in it. Provided the general directory is not published the Poland China breeders will publish their own stock directory.

TIFFANY STORE UNDERGOES CHANGE

The construction of a mezzanine floor in the Tiffany Jewelry store has given the firm more commodious quarters in its room on South Detroit street.

The balcony has been erected over the back part of store and finished in mahogany to agree with the wood work of the store. It will be used as a stock room and adds to the floor space and capacity of the store.

I RECOMMEND TO ALL WHO WISH TO REDUCE

Says Arbolone Tablets "Is the Best Remedy I Ever Came Across."

Tells Reason for Successful Obesity Treatment to Thousands.

One of the biggest advertising experts in New York City stated in a letter that his wife had greatly reduced her weight and improved her health, and if it were not for fear of undesirable notoriety she would gladly tell the whole world about its great blessings. For Tablets Arbolone has proved itself a real blessing to thousands of suffering fat people. L. M. Hansen, 1917 Master St., Philadelphia, Pa., writes:

"I have taken 3 pkgs. of Arbolone Tablets, which have reduced me 20 pounds, and it is the best remedy I ever came across. I recommend to all who wish to reduce, etc."

Arbolone Tablets is the only treatment that stops the craving for wrong foods, overcomes perverted appetite, eliminates fatty elements and dissolves fat from the body safely, surely and reasonably prompt. One or two packages will convince anyone that Arbolone is a real reducer. Sold by thirty thousand druggists in sealed tubes with full directions.

A Week for Three Months?

Then begin taking regularly three grain hypo-nuclease tablets, which are made from a health-germ of ordinary yeast and combined with hypophosphites and an absorptive phosphorus.

Physicians and chemists assert that this tablet is very largely used for increasing the weight and improving the nervous system because of its aid to digestion, assimilation and absorption. The food elements which go to make blood and solid tissue is retained when this treatment is regularly used for several months. Most apothecary boys supply them in sealed packages.

STAY ON THE WATER WAGON

If You Are One Who Has Quit Indulging in Strong Drink

Cadomene Tablets Will Help You Over the Rough Period.

Cadomene Tablets are helpful to weak nerves. Weak, faulty nerves often come from strong drink. Sometimes the system is impoverished by excesses of one kind or another, such as poor digestion and faulty nutrition. Overwork, anxiety, and even grief causes abnormal nervous conditions. The strength of body declines. Nervousness and sleeplessness causes further weakness and loss of vitality. Years of faithful practice taught a great physician that the formula now used to make Cadomene Tablets would surely build up the health of his patients. Now, anyone can take his great medicine if needed. Mrs. A. G. Hoover, R. R. No. 1, Reading, Pa., writes:

"I am taking Cadomene Tablets with very gratifying results. Nervousness, overwork, and sleeplessness are my complaints."

Mr. Joe N. Herndon, 1645 Twenty-fifth St., Sacramento, Cal., writes: "I am using Cadomene Tablets and find a great improvement has been brought about in two days."

Every package is guaranteed satisfactory to the purchaser.—Adv.

FUNERAL SERVICES HELD FOR G. F. DAY

Funeral services were held Monday afternoon at two o'clock for George F. Day, 59, former Xenian, who died Friday at the home of Edison Limbert, 33 Frederick street, Dayton, after a short illness.

Mr. Day was born in Greene county near this city, the son of Mr. and Mrs. Dudley Day. When a young man he began traveling with the Barnum and Bailey circus as strong man remaining with that organization for more than 13 years. He was well known for his feats of enormous strength.

Returning to this city he purchased the old Snell hotel at the Pennsylvania depot which he operated for some time. For the last year he had been living at the Limbert home in Dayton. He leaves his wife in this city, three brothers, Joseph of Dayton, James of Springfield and Silas of Muskogee, Okla., and four sisters, Mrs. Noah Parker, of Dayton, Mrs. Susan Jones of West Carrollton, Mrs. Harry Bundy of Muncie, Ind., Mrs. Margery Reed of Dayton. Interment was made in Woodland cemetery, Dayton.

JOHN KABLE ESTATE GETS VALUATION

The estate of the late John Kable, Sagamore township farmer, was valued at \$136,402.46 by the appraisers, Charles Sears, John W. Turner, and L. T. Menckhoff, who made their report to Probate Judge J. C. Marshall Saturday.

Securities belonging to the estate are valued at \$83,957.60. The valuation of the realty is \$45,000. A valuation of \$3,759.50 was placed on personal goods and chattels. There was \$2,921.50 in money, and claims not listed were valued at \$753.22.

KICKED BY HORSE BOY IN CRITICAL CONDITION AT HOME

Kicked by a horse while playing in the Hagler training stable at the fairgrounds Sunday afternoon, 6 year old Morris Spears, who lives in the Fairground addition, received a fracture of the skull, and severe lacerations in the forehead.

A physician said Monday that the child's condition was favorable. Anti-tetanus treatment was given at once to prevent the development of lockjaw from the wound caused by the horse's hoof.

The boy with other children was playing about the stable. He ran into one of the stalls by himself, and climbed a ladder. He fell from the ladder, which kicked out, the blow striking the boy above one eye. The unconscious child was found by a stable man, who was carrying water to the horses. He was taken home and surgeons were called.

The boy is a son of Mrs. Prudence Spears of Pittsburg, who was notified of the accident and was expected to arrive in Xenia Monday.

FIRST OF CIVIL SUITS ON WATER RENTS FILED MONDAY

The first of a number of civil suits which are expected to be brought by the Xenia Water Company, for the purpose of compelling payment of the additional charges for water according to the increased schedule of rates allowed by the Public Utilities Commission, was filed Saturday afternoon by Marcell Shoup, counsel for the water company, against the Hooven and Allison Company.

It is sought to recover a judgment for \$1597.70 from the Hooven and Allison Company for water charges between March 25, 1917 and March 1, 1920, when the city took over the plant of the water company.

CEDARVILLE WOMAN DIES MONDAY MORNING

Mrs. Elizabeth Shroades, died at her home in Cedarville at 11 o'clock Monday morning, after an illness lasting two weeks of complication of diseases.

Mrs. Shroades would have been 73 years of age had she lived until next May 20. Her husband, George Shroades preceded her in death six years. She leaves one daughter, Mrs. Cora Trumbo, who made her home with her mother in Cedarville; two sisters, Mrs. William Beemer, of Rossburg, Ohio, and Miss Ella Hutson, of Topeka, Kansas, and a brother, George Hutson, of Wichita, Kansas.

Mrs. Shroades was a member of the E. church at Cedarville. Funeral arrangements have not yet been completed.

SEAL UNBROKEN BUT GEMS ARE MISSING

Investigation by the American Express Company of the theft, while in transit from the south, of two valuable rings belonging to Mrs. J. A. Kelly of this city, has been so far fruitless.

Three rings belonging to Mrs. Kelly, which she left at the winter home of her son J. Elmer Kelly, at Tyron, N. C., when she was visiting there, were shipped by express to her in this city, by a jeweler at Ashville, with whom her son had left them for that purpose. When the package was delivered to her home, the seal was unbroken, but only one ring, the least valuable of the three was in the box. The theft was at once reported and the express company began inquiry. The three rings were valued at about \$1000.

Spent a Fortune in Search for Health

Prominent Los Angeles Hotel Man Says He Tried Every Treatment Money Could Buy Without Getting Relief.

"In 1900 I suffered a general breakdown and during these 20 years I spent a small fortune searching for health," said Harry McAvoy, with the Alexandria Hotel of Los Angeles, one of the largest and finest hotels in southern California.

"I went to the best specialists in New York, Chicago, New Orleans and Seattle. I tried every medicine and treatment money could buy, but the best I could do was to get a little temporary relief. Finally I gave out completely under the strain and had to quit work altogether. I was terribly discouraged over my condition and felt that I would be an invalid for the rest of my days."

"I had indigestion in its very worst form. In fact, I was a confirmed dyspeptic; nothing agreed with me and I suffered from all the terrible symptoms of indigestion. My stomach palpitated so badly I thought I had heart trouble and I would get so weak and faint at times I would stagger and several times I fell flat in my tracks before I could support myself."

"I was absolutely afraid to eat, for it meant nothing but suffering afterward and I would have awful pains and burblings in the stomach and chest. Sleep? Why, I didn't know what it was to get a night's sleep! I would lie in bed a while and then get so restless I would have to get up and walk the floor. I was almost a nervous wreck and couldn't even sit still and write a letter. I lost so much weight and strength I was almost too weak to walk, and I honestly believe no man in this world suffered any more than I did."

"Last September I realized I could hold out no longer, and as I had read a great deal about Tanlac I made up my mind to give it a trial. Well, sir, it was the greatest and happiest surprise of my life, for I began to feel

MARKET AND FINANCIAL NEWS

MARKET AND FINANCIAL TREND

The railroad strike laid very apparent pressure upon the market, which pursued an irregular course, as had been predicted. The public is still cautious about entering upon large speculative commitment. Many operators hold fast to their bullish views, despite all minor discouragements, however, believing that conditions fundamentally are sound and justify a rising market. An undertone of strength has frequently accompanied liquidation and price irregularities. Investment issues are slow to share the optimism displayed by various specialties.

Crop reports are an important influence at this time of year, thus far operating on the bear side. Passage of the Phelan bill is not expected to result in a drive on market credit, although it may confirm the policy of contraction adopted by the banks. American securities held aboard are finding their way to the exchange, and substantial sales within the next few months are prophesied in preparation for maturity of the Anglo-French loan next fall.

Grain. The switchmen's strike held back shipments and slowed up the grain markets. Trade was light. Corn prices mounted, due to the strike, weather conditions and the strength in rye. Some industries closed down for want of supplies. Speculative buying power in all markets has been destroyed by rumors of federal grand jury action against the "corner in corn."

Oats trade broadened somewhat. This grain stands near a record high mark. Wet weather has delayed seeding. Wheat prices rose to new heights after the government report was issued. Export demand for rye and barley has been active.

Livestock. The switchmen's strike paralyzed livestock trade throughout the country. The yards received practically nothing and shipped nothing, as most points were embargoed. Commitment to buy favored light hogs. Prices ran wild and markets were almost unquotable. The possibility of a meat famine loomed.

Cattle trade was weak with yearlings fairly active and heavy stuff a drag. Trade was generally depressed. Some cattle went sent direct to packers. Sheep and lamb markets compared favorably with cattle and hogs.

AGRICULTURE

Railroad Strike Curtails Wheat Shipments from Farm Under Government Guarantee—Michigan Beet Sugar Growers are Militant—Threaten to Cut Production Unless Contract Price is Raised.

(Business Feature Service) The cities are commonly supposed to be the needy sufferers from any break in transportation. Their population would starve is forced to rely upon the territory contiguous for food. Persons on the farms and in the smaller towns could sustain life indefinitely even were a strike to paralyze all railroads and majority of the factories. The farmer has there fore watched intently to see what effect the switchmen's strike would have upon the city dwellers, and especially upon the wheat classes, employed in factories, thrown out of employment as a direct consequence of the strike.

In the present strike, however, the farmer is a sufferer and may lose a good deal of money unless the government recognizes the justice of his claims. Expiration of the government wheat guarantee on June 1, from present indications, will find wheat on the farms which owners have been unable to ship, however anxious they might be to sell. If the price of wheat goes down, these farmers will lose money which is justly theirs. The government should extend the guarantee to cover

wheat intended for shipment prior to June 1 and shipped as soon thereafter as traffic conditions permit. The railroad strike, following hard upon the determined effort of the Brotherhood to lower food prices and other prices through government channels accentuates the farmers' need for an organization of labor and any other organizations designed to promote a special interest at the expense of other interests. The farmers must adopt collective bargaining as the modern method of adjusting relations between large occupational groups. He must have an organization that will effectively represent and protect his interests in the dicke with capital and labor and the consumer from which fair price adjustments may be expected to result.

The consumer is continually exerting pressure to depress the price of foodstuffs. He does this not because of any innate viciousness or prejudice against the farmer, but simply because he feels increasing the burden of high costs and in agitating for reduction seeks the point of least resistance. The farmer must expect organization of those consumer groups as yet unorganized. His answer must be organization, guided by the determination to give and get a fair deal.

The Michigan beet sugar growers' resistance to prices offered by the manufacturers for the 1920 crop has reached significant proportions. One Michigan farm paper, which has led in the movement, declares that 8000 beet sugar growers have signed an agreement to raise no sugar beets unless the manufacturers grant them a conference. The ultimatum is in effect a strike of land and capital, as the publication points out, and may serve a very useful purpose, aside from its direct bearing on the prices paid for sugar beets, by demonstrating that ownership has rights as well as labor.

A car owner should give his tires a daily cleaning. Mud should be washed off with a little water, a sponge, not too wet, being used. Not only is this good for the tires but it enables easy detection of small cuts and abrasions, which should be repaired at once before they have a chance of becoming larger.

A generator requires a drop of oil at each end of the armature shaft as oil may work its way through and cause the generator windings to become short circuited. The oil leads to the shaft bearings have caps which automatically close to prevent dirt from entering and lodging on the main bearings of the armature shaft, so it is best to note if these are in working order.

The After Effects of Pneumonia

This is No. 2 of a series of advertisements, prepared by a competent physician, explaining how certain diseases which attack the air passages—such as Pneumonia, Influenza, Whooping Cough, Measles or even a long continued Cold—often leave these organs in an inflamed, congested state, thus affording a favorable foothold for invading germs. And how Vicks' Vapo-Rub may be of value in this condition.

Pneumonia attacks the air cells of the lungs. An inflammation is set up and matter is thrown off which causes the air cells to solidify, thus preventing the natural flow of blood thru the lungs. This "backing up" of the blood causes the heart to pump harder, just as stepping on a hose increases the water pressure, which is the reason why, during this disease, the physician watches the overburdened heart so carefully.

After recovery the lungs are filled with a mass of wreckage—the debris of the battle—which must be gotten rid of by a process known as resolution. Frequently, inflamed spots remain, congestion persists, cough hangs on, and the least exposure brings on a cold that is hard to get rid of. If neglected, such damaged air passages may easily develop serious disease of the lungs.

Such cases should always continue under a physician's care and frequent examinations should be made to see that nature is properly continuing the rebuilding process.

Nightly applications of Vicks' VapoRub will aid nature in this work. Because Vicks acts locally by stimulation thru the skin to draw out the inflammation, attract the blood away from the congested spots and relieve the cough. In addition, the medicinal ingredients of Vicks are vaporized by the body heat. These vapors are breathed in all night long, thus bringing the medication to bear directly upon the inflamed areas.

Vicks should be rubbed in over the throat and chest until the skin is red—then spread on thickly and covered with hot flannel cloths. Leave the clothing loose around the neck and the bed clothes arranged in the form of a funnel so the vapors arising may be freely inhaled. If the cough is annoying, swallow a small bit of Vicks the size of a pea.

Samples to new users will be sent free on request to the Vicks Chemical Company, 232 Broad Street, Greensboro, N. C.

A LEAF OUT OF DOCTOR FRANK CRANE'S OWN EXPERIENCE.

"At the age of forty-eight I started out without a cent, except some money borrowed on my life insurance, to get work on a newspaper, being bitten by the notion that I could write. After six months I landed a job at a dollar a day. I kept at it. I am making more money now, but I am still a wage earner. For some ten years I have written an editorial for every week day, without missing one; and this has been the happiest period of my life. It has been so because I love my work better than anything else on earth. I can think of no kind of play or vacation half so pleasant as this work. Through comedy and tragedy, whether depressed or elated, sometimes feeling fit and at other times sick-bed in the hospital, I have clung to my work. And God bless it for it is the immediate jewel of my soul.

"That is why I write sincerely and urge you to wean yourself, if you are not too old and stubborn, from the delusion that labor is a misfortune, along with mumps and a clubfoot."

I am going to write a few thoughts on the Labor Problem. Wait a minute! Don't be hasty!

For I shall not say a word about Labor Unions, nor Capital, nor Collective Bargaining, nor the Right of Man, nor any such thing.

Oh, no! I shall talk about YOU! Which is more to the point. I don't know much about the labor problem in its political and economic phases. Of course I have some opinions, but whether they are right or not I haven't any idea. Let the Socialists, and the Syndicalists, and the I. W. W. and the Federation of Labor, and Congress, and the high school graduates, and all the public-minded folk go to it, and more power to their arms!

But—as for Me and You, friend reader, there is another side to the issue, which more nearly, as Bacon says, "comes home to men's business and bosoms."

I have the feeling that all of us, in our consideration of this matter of work, are on the wrong track. For we seem to regard work as an affliction!

This spirit permeates our literature. The novelist is sure of our tears when he describes the farm hand that has to pitch hay in the hot sun, or the woman compelled to mend her children's clothes and make beds, or the wretched clerk that has to wait on customers all day and come home to his boarding-house at eve, with nothing to eat but food.

But when we turn to facts, they are different. For the fact is that the happiest people in the country are those that get up and go to work. The people that eat breakfast in bed, and work when they feel like it, or not at all, are mostly seekers for trouble; yea, and finders thereof.

For every one house of the idle where there is peace, contentment and love, where things go smoothly and the family are not sitting around hating each other, or devising new forms of devilment, you can find one hundred houses where Papa works at his job every day, Mama is busy as a bee, looking after the children and keeping everybody fed, clothed and decent, and the children work in school by day and study their arithmetic at night.

For happiness is a by-product of work. Contentment is a plant that grows low along the ground. It does not bloom far up in the delectable mountains, but right at our feet—although too often the paunch of our pride is so distended that we cannot see it.

Those who are surely having a good time are the motormen, engineers, bricklayers, longshoremen, dry-goods clerks, grocery boys, housewives, bankers, lawyers, storekeepers, manufacturers, editors, and all the rest that are busy about the world's work.

As a matter of actual fact it is a lot more fun to earn a dollar than to spend it. Yet most of us talk as if we believed the contrary.

AMERICA IN THE MOVIES, AS SEEN THROUGH THE EYE OF AN ENGLISH CRITIC.

Drama is supposed to be a reflection of real life. Moving picture drama is presumably no exception. Consider, then, what sort of idea of American life a foreigner is likely to get from American films. An English critic, E. A. Baughan, depending for his information solely on our own movies, professes to have discovered the following remarkable facts:

"All rich people in America live in palaces or in palace hotels. There is no comfortable living-room, and the style of decoration and of furniture is splendid, jumbled up with Chinese idols. There are looking-glasses everywhere, and very spacious halls and lobbies. But there are few servants, and they are mostly Japanese or Chinese. As a rule, nobody dines at home, but at restaurants. Evidently, they do not go to restaurants to dine, but to dance to a jazz band. They all do it; even 'Poppa.'"

"All the people are business people or cowboys. It is so easy to get rich quickly in America that wealth should be a mere commonplace of existence."

And so it goes, through many paragraphs of ingenious misrepresentation, all based on those same films that constitute the dramatic pabulum of the majority of American theatergoers—who probably see nothing out of the way in it all.

If there is any moral to be drawn, it is probably this: Don't judge a nation by its movies. If American life is so grotesquely distorted in our films, it is likely that foreign life suffers the same distortion.

SUFFERING GERMANY.

THE Huns are shot to pieces, the telegrams declare; things are not slick as grease is—disorder's everywhere; the peasant and patrician are both in sad condition; they're eating ammunition, there is no grub to spare. No useful wheels are turning, the church bells do not ring; no smithy fires are burning, no workmen's hammers swing; but gloom is all-prevailing, and wrath and bitter wailing; men are so busy railing they do not smile and sing. I ought to view with sorrow the troubles of the Hun, and say I hope tomorrow will see his anguish done; and yet I see him sweating without a groan regretting; he earned what he is getting, earned trouble by the ton. Had he but shown repentance for any crimes of his, had he received his sentence with a remorseful phiz, I might compose a ditty of condolence and pity, more generous than twitty, but as things are—Gee whiz! The Hun has been so sassy, so nifty and so smart, he thinks himself so classy, and greater-than-thou-art, that it is hard to view him with sympathy, beshrew him! so let his woes pursue him until his change of heart.

Wilmington Paper Increases rates

The Wilmington Daily News-Journal has announced an increase in subscription rates, which went into effect April 12, whereby city patrons will be charged 15 cents a week instead of 12c, or \$7 a year.

The price of the paper by single copy will be 3 cents and by mail outside of Wilmington will be \$5 a year. The tremendous increase in the cost of production is given as the

Where is Relief From Blazing Skin Diseases?

Must I Endure Forever the Torturous Itching?

The skin is fed from the blood, and upon the condition of the blood depends whether or not your skin will be healthy and free from boils, pimples, scaly irritations, red eruptions and other disfiguring and unsightly disorders.

The sensible treatment that will show real results is a remedy that

will cleanse the blood thoroughly and kill the germs that cause the trouble. And for this purpose no remedy ever made can approach the record of S. S. S. which cleanses the blood of the disease germs, at the same time building up the general health.

For valuable literature write to Chief Medical Adviser, 100 Swift Laboratory, Atlanta, Ga.

NAME "BAYER" ON GENUINE ASPIRIN

For Lumbago, Backache, Pain Rheumatism, Stiffness

You want relief—quick and safely! Then insist on "Bayer Tablets of Aspirin," stamped with the "Bayer Cross."

The name "Bayer" means you are getting genuine Aspirin prescribed by physicians for over eighteen years, and proved safe by millions of people.

For a few cents you can get a handy tin box of genuine "Bayer Tablets of Aspirin," containing twelve tablets. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

Mrs. Frank Ford will entertain the McGervey Sunday school class Monday evening, 209 East Third street.

FLU AND MEASLES AFTER EFFECTS WERE BANISHED

Nerv-Worth Did the Work for Mr. and Mrs. Craig, Guernsey, Ohio, R. F. D. One.

Mrs. Craig stated the case a few days ago at H. H. Eagon's drug store, Newcomertown, in the following grateful and convincing words:

Nerv-Worth Co.—After I had measles they left me nervous and dizzy. I saw the ad in the Newcomertown News that Nerv-Worth was good for the nerves. I purchased a bottle and found it all it is advertised to be. I can sure recommend it for nerves.

MRS. E. M. CRAIG, Guernsey, Ohio, R. F. D. 1. I saw the ad in the Newcomertown News that Nerv-Worth was good for the nerves. I purchased a bottle and found it all it is advertised to be. I can sure recommend it for nerves.

Your dollar back if Nerv-Worth does not do for you what it did for Mr. and Mrs. Craig. Sayre & Hemphill sell Nerv-Worth in Xenia.

DOCTOR JACKSON'S DIGESTIVE AND LIVER POWDER

How about an old-fashioned "belly" dinner? Can't eat it on account of your stomach? Use the powder and eat what your system craves in safety.

Price 60c and \$1.00 at all druggists. Send 3c stamp to The Jackson Medicine Co., Zanesville, O., for sample.

Just where and how is the money to be spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its needs under six main heads as shown at the left.

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post of service assigned to it in advance.

Every dollar for a better America and a better world. When your church calls on you, give—and give from your heart as well as from your pocket-book

But when we turn to facts, they are different. For the fact is that the happiest people in the country are those that get up and go to work. The people that eat breakfast in bed, and work when they feel like it, or not at all, are mostly seekers for trouble; yea, and finders thereof.

For every one house of the idle where there is peace, contentment and love, where things go smoothly and the family are not sitting around hating each other, or devising new forms of devilment, you can find one hundred houses where Papa works at his job every day, Mama is busy as a bee, looking after the children and keeping everybody fed, clothed and decent, and the children work in school by day and study their arithmetic at night.

For happiness is a by-product of work. Contentment is a plant that grows low along the ground. It does not bloom far up in the delectable mountains, but right at our feet—although too often the paunch of our pride is so distended that we cannot see it.

Those who are surely having a good time are the motormen, engineers, bricklayers, longshoremen, dry-goods clerks, grocery boys, housewives, bankers, lawyers, storekeepers, manufacturers, editors, and all the rest that are busy about the world's work.

As a matter of actual fact it is a lot more fun to earn a dollar than to spend it. Yet most of us talk as if we believed the contrary.

AMERICA IN THE MOVIES, AS SEEN THROUGH THE EYE OF AN ENGLISH CRITIC.

Drama is supposed to be a reflection of real life. Moving picture drama is presumably no exception. Consider, then, what sort of idea of American life a foreigner is likely to get from American films. An English critic, E. A. Baughan, depending for his information solely on our own movies, professes to have discovered the following remarkable facts:

"All rich people in America live in palaces or in palace hotels. There is no comfortable living-room, and the style of decoration and of furniture is splendid, jumbled up with Chinese idols. There are looking-glasses everywhere, and very spacious halls and lobbies. But there are few servants, and they are mostly Japanese or Chinese. As a rule, nobody dines at home, but at restaurants. Evidently, they do not go to restaurants to dine, but to dance to a jazz band. They all do it; even 'Poppa'.

"All the people are business people or cowboys. It is so easy to get rich quickly in America that wealth should be a mere commonplace of existence."

And so it goes, through many paragraphs of ingenious misrepresentation, all based on those same films that constitute the dramatic pabulum of the majority of American theatergoers—who probably see nothing out of the way in it all.

If there is any moral to be drawn, it is probably this: Don't judge a nation by its movies. If American life is so grotesquely distorted in our films, it is likely that foreign life suffers the same distortion.

PEACE OF MIND

IN MONEY MATTERS IS ONE OF THE GREATEST BLESSINGS YOU CAN KNOW

1. The possible profit
2. On a risky investment
3. Is not to be compared
4. To the satisfaction you will find in the 5% certificates
5. Of The Buckeye State Building & Loan Co., Rankin Bldg., 22 West Gay St., Columbus, O.
6. One of the largest, strongest and most accommodating savings institutions in Ohio.
7. All business by mail if desired. All transactions confidential.
8. Ask for booklet on deposits, away.

TWENTY YEARS AGO

Mr. L. M. Garfield, is very optimistic concerning a new illuminant, acetylene gas which he has installed in his home.

Judge Dean has appointed Prof. T. D. Scott and H. J. Farrell to make the usual semi-annual examination of the county treasury, and they are today engaged in their work.

George Schwartz says that the bell of the new court house has arrived and has come this early in order that Charlie Schmidt may use it as the bell of the hall, and Charlie has asked us to "ring this in."

James McCann was re-elected president, and Henry Fetz, secretary, of the Board of Police Commissioners, last night.

Spring seemed a long way off when Xenians awoke to see all the ground covered with snow this morning. The snow soon disappeared, but the wintry like weather continued to hold

SUFFERING GERMANY.

THE Huns are shot to pieces, the telegrams declare; things are not slick as grease is—disorder's everywhere; the peasant and patrician are both in sad condition; they're eating ammunition, there is no grub to spare. No useful wheels are turning, the church bells do not ring; no smithy fires are burning, no workmen's hammers swing; but gloom is all-prevailing, and wrath and bitter wailing; men are so busy railing they do not smile and sing. I ought to view with sorrow the troubles of the Hun, and say I hope tomorrow will see his anguish done; and yet I see him sweating without a groan regretting; he earned what he is getting, earned trouble by the ton. Had he but shown repentance for any crimes of his, had he received his sentence with a remorseful phiz, I might compose a ditty of condolence and pity, more generous than twitty, but as things are—Gee whiz! The Hun has been so sassy, so nifty and so smart, he thinks himself so classy, and greater-than-thou-art, that it is hard to view him with sympathy, beshrew him! so let his woes pursue him until his change of heart.

Wilmington Paper Increases rates

The Wilmington Daily News-Journal has announced an increase in subscription rates, which went into effect April 12, whereby city patrons

will be charged 15 cents a week instead of 12c, or \$7 a year.

The price of the paper by single copy will be 3 cents and by mail outside of Wilmington will be \$5 a year. The tremendous increase in the cost of production is given as the

Where is Relief From Blazing Skin Diseases?

Must I Endure Forever the Torturous Itching?

The skin is fed from the blood, and upon the condition of the blood depends whether or not your skin will be healthy and free from boils, pimples, scaly irritations, red eruptions and other disgusting and unsightly disorders. The sensible treatment that will show real results is a remedy that

will cleanse the blood thoroughly and kill the germs that cause the trouble. And for this purpose no remedy ever made can approach the record of S. S. S. which cleanses the blood of the disease germs, at the same time building up the general health. For valuable literature write to Chief Medical Adviser, 100 Swift Laboratory, Atlanta, Ga.

NAME "BAYER" ON GENUINE ASPIRIN

For Lumbago, Backache, Pain Rheumatism, Stiffness

You want relief—quick and safely! Then insist on "Bayer Tablets of Aspirin," stamped with the "Bayer Cross."

The name "Bayer" means you are getting genuine Aspirin prescribed by physicians for over eighteen years, and proved safe by millions of people.

For a few cents you can get a handy tin box of genuine "Bayer Tablets of Aspirin," containing twelve tablets. Druggists also sell larger "Bayer" packages. Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

Mrs. Frank Ford will entertain the McGervey Sunday school class Monday evening, 209 East Third street.

"I HAVE BEEN

Using Your Sulphurb Tablets More or Less for Many Years and Have Recommended Them to Many, Because I Think They Should Be in Every Home."

Thus writes, Mr. Wm. Cameron

1021 Ellis Place, Denver, Colo., and we publish this brief statement to prove the never-ending value of Sulphurb Tablets, in the treatment of such ailments as chronic constipation, impaired kidney action, and consequent impure blood manifested in many ways, such as headaches, pimples, boils, rash, hives, rheumatism, etc. Neglected constipation undoubtedly brings on a long train of more serious ills and the way to get relief is to use Sulphurb Tablets as a laxative, tonic blood clearer.

They are made of extracts of herbs and roots and contain sulphur and cream of tartar, thus supplying the essentials for a regular and effective treatment. Sold by druggists everywhere at 60c per tube.—Adv.

GOOD HOUSEKEEPERS USE BEST Blue. All leading grocers, 5 cents. That is why they use Red Cross Ball Sample.

FLU AND MEASLES AFTER EFFECTS WERE BANISHED

Nerv-Worth Did the Work for Mr. and Mrs. Craig, Guernsey, Ohio, R. F. D. One.

Mrs. Craig, stated the case a few days ago at H. H. Eagon's drug store, Newcomerstown, in the following grateful and convincing words:

Nerv-Worth Co.—After I had measles they left me nervous and dizzy. I saw the ad in the Newcomerstown News that Nerv-Worth was good for the nerves. I purchased a bottle and found it all it is advertised to be. I can sure recommend it for nerves.

MRS. E. M. CRAIG, Guernsey, Ohio, R. F. D. 1, writes: "I saw the ad in the Newcomerstown News that Nerv-Worth was good for the nerves. I purchased a bottle and found it all it is advertised to be. I can sure recommend it for nerves."

Your dollar back if Nerv-Worth does not do for you what it did for Mr. and Mrs. Craig. Sayre & Hempill sell Nerv-Worth in Xenia.

DOCTOR JACKSON'S DIGESTIVE AND LIVER POWDER

How about an old-fashioned "boiled" dinner? Can't eat it on account of your stomach? Use the powder and eat what your system craves in safety.

Price 60c and \$1.00 at all druggists. Send 3c stamp to The Jackson Medicine Co., Zanesville, O., for

Just where and how is the money to be spent?

A businesslike Answer to a businesslike Question

THIRTY denominations cooperating in the Interchurch World Movement have budgeted their needs. No business could have done it more scientifically.

They have united to prevent the possibility of duplication or waste. At least a million dollars will be saved by the fact that thirty individual campaigns are joined in one united effort.

Each denomination has arranged its needs under six main heads as shown at the left.

Each denomination has its own detailed budget, and will administer its own funds. Your pastor has copies of the budget; examine them for yourself. In the week of April 25th-May 2nd you will be given your opportunity to help. You can do it with the full satisfaction of knowing that every dollar of your gift has its post of service assigned to it in advance.

Every dollar for a better America and a better world. When your church calls on you, give—and give from your heart as well as from your pocket-book

CHURCH WILL SEND DELEGATION TO MEET IN DAYTON TUESDAY

The Clifton United Presbyterian congregation will send a delegation of young men, headed by their pastor, the Rev. E. G. McKibben, to Dayton, to attend the meeting in the interest of the New World Movement which is to be held at the Y. M. C. A. Tuesday evening.

Dr. J. Alvin Orr, of Philadelphia, formerly of Cedarville, who is chairman of the cNw World Movement for the United Presbyterian church, will give an address at the meeting and an address will also be made by D. E. Willis, chairman of the canvassing committee. The following men from Clifton will attend the meeting: John Kyle, Wallace Rife, John Collins, William Ferguson, Frank Turner and Mack Anderson.

The daughters of Queen Lil Tab. will meet Monday, April 19, at their hall at 7:30 o'clock. Election of officers. Annabell Gilkey, H.K. P.; Edna Hicks, C. R.

EAST END NEWS

Mrs. Rosa B. Scott, aged 62, wife of William Scott, died Sunday afternoon.

SHE WASN'T SICK, BUT HER CHILDREN WERE

Six Months of Care and Worry Were Too Much for Her

GOT THIN, NERVOUS, TIRED Her Brother-in-Law, a Doctor, Said She Was Anemic, and Advised Pepto-Mangan

Here is a story of a strong, vigorous mother who never knew what ill-health was. But three years ago her two little boys got into the habit of being sick.

Six months of care and worry were too much for her and brought to light the fact, that, with all her apparent vigor, she really was anemic. She lost flesh, couldn't sleep well and got nervous.

Then the doctor (her brother-in-law) prescribed Pepto-Mangan.

She said: "Fred explained a lot about the special sort of iron content in Pepto-Mangan and a lot of other things that I don't understand, but what I do understand is that a bottle of Pepto-Mangan is always going to be in my medicine closet as long as I live. Whatever it contains I don't know or care, but I do know that it builds me up when I get run down, and that's enough for me."

Gude's Pepto-Mangan is an absolutely dependable red-blood builder in all conditions of lowered vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to the cheeks, and creates new hope and ambition in those who have become pale, weak, and listless. Physicians recommend Pepto-Mangan. When you order be sure the words "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.—Advt.

"BRINGING UP FATHER"

THE WOMAN WHO LOVED---AND EARNED

BY JANE PHELPS
A MODERN STORY OF HOME AND BUSINESS

Telling Robert.

Chapter 107

As was always the case, Mary spoke first.

"I think it is great, Gerry. You can have all my hats to trim and make. If I sold hats for a thousand years, I couldn't trim one."

"That's because you never learned the trade as I did."

"I don't believe Robert will object," she went on. "I don't see how he can. You are doing nothing that will make him wait for his meals or keep you out when he is at home—only, Gerry, don't take too many customers."

"No danger of that! I may have trouble to find any."

"Nonsense," Betty exclaimed.

"Here's one right here. My hats seldom suit me because I don't feel we can afford the smart shop prices."

"Here's another," Jane declared. "I would rather have a hat you fixed for me than any I could buy, no matter how smart the shop. You have a knack of making a hat to suit a person."

"That's long practice, Jane."

"No such thing. It's being an artist. She's just what Carson said, 'An Artist in Hats.' Mary flattered."

"You are going to prove that a woman can make a home and also be

a business woman, aren't you, Gerry?" Jane spoke very soberly.

"I have always thought it could be done if only we could work out a way. I have never known anyone who did it. I shall watch you very closely—perhaps—"

"Oh, I don't know girls—but I have sometimes felt just as Gerry does, that my time was spent so idly, when I might be doing something. Carson is so opposed to it. I have never seriously considered it, however."

"And he was the one who started Gerry off," Mary laughingly declared.

"Well, girls, so you approve?" I asked after a little more discussion.

"We sure do!" It was Mary speaking.

The other girls emphatically assured me they too believed I could manage to make it a success.

They insisted upon helping me with the dishes, which I had left on the table while we talked then left me, full of happy thoughts about my plans yet in a way dreading to broach the subject to Robert. But he himself made it easy for me.

"I walked up with Carson," he said, "that's why I am late."

"What did he have to say? Jane was over today. Betty and Mary too."

"He spoke of you, what exquisite taste you had. I guess I brought it on by blowing about how you had helped me at the store, and telling him of the

difference in the windows since you had taken hold of them. We nearly always have a lot of people admiring them, and it brings good many inside to buy."

"What else did he say?" I was wondering if I had better wait until after dinner or tell him while we were eating.

"Oh, he praised the way you planned Mary's wedding present and fixed Jane's hat. I shan't tell you any more, you'll be too puffed up if I do."

"Robert! I have a plan. That's why girls were here today—to talk it over. I knew if they all approved it must be a good one, at least a feasible one. It was Carson who put it into my head."

"Spring it."

I left the table, and brought him one of the cards I had designed. I laid it by his plate, then resumed my seat. I wanted to watch his face when he talked.

"Madame Geraldine!" he read out loud, then looked at me in a puzzled and an anxious manner. "You mean

"Go on, read the rest."

"A traveling artist in smart chapeaus."

"What does it mean, Gerry?"

"Hours 11 to 4." I told him.

Tomorrow—Robert Agrees

MRS JENNIE JOHNSON DIES OF PNEUMONIA IN ESPEY HOSPITAL

Mrs. Jennie Watt Johnson, wife of the Rev. Warren Johnson, died at 5 o'clock, Monday morning, of pneumonia at the Espey hospital. She was removed to the hospital last Thursday, seriously ill.

Mrs. Johnson was born in Bainbridge 73 years ago, and spent her earlier life in Greene county. She was married to the Rev. Warren Johnson, a minister of the Friends

church, in 1882, and afterward lived in New Vienna and Leesburg. For about 30 years their home was in Kansas. They lived in Pittsburg about a year, and a year ago came to Greene county. They had lived here with Mrs. Johnson's sister, and since last fall had been with Mrs. D. H. Cherry of West Market street.

Surviving Mrs. Johnson are her husband, and the following sisters and brothers: Mrs. Harvey Nash, Johnson, a minister of the Friends of the Hook road; Mrs. Mary E.

GRIDDLE CAKES and WAFFLES

From the NEW ROYAL COOK BOOK

THERE is an art in making flapjack pancakes, griddle cakes or wheats, call them what you will. But it is an art very easily and quickly acquired if you follow the right recipes.

Here are some recipes for a variety of breakfast cakes that will make grandmother envious. The secret, of course, is Royal Baking Powder.

Royal Hot Griddle Cakes

2 cups flour
1/2 teaspoon salt
4 teaspoons Royal Baking Powder
1 1/2 cups milk
2 tablespoons shortening
Mix and sift dry ingredients; add milk and melted shortening; beat well. Bake on slightly greased hot griddle.

Griddle Cakes with Eggs

1 1/2 cups flour
1/2 teaspoon salt
3 teaspoons Royal Baking Powder
2 eggs
1 1/2 cups milk
1 tablespoon shortening
Mix and sift dry ingredients; add beaten eggs, milk and melted shortening; mix well. Bake immediately on hot griddle.

Buckwheat Cakes

2 cups buckwheat flour
1 cup flour
6 teaspoons Royal Baking Powder
1 1/2 teaspoon salt
2 1/2 cups milk or milk and water
1 tablespoon molasses
1 tablespoon shortening
Sift together flours, baking powder and salt; add liquid, molasses and melted shortening; beat three minutes. Bake on hot greased griddle.

Waffles

2 cups flour
4 teaspoons Royal Baking Powder
1/2 teaspoon salt
1 1/2 cups milk
2 eggs
1 tablespoon melted shortening
Sift flour, baking powder and salt together; add milk to yolks of eggs; mix thoroughly and add to dry ingredients; add melted shortening and mix in beaten whites of eggs. Bake in well greased hot waffle iron until brown. Serve hot with maple syrup. It should take about 1 1/2 minutes to bake each waffle.

HOW TO RAISE BABY CHICKS

Put Avicol in the drinking water.

Most people lose half of every hatch, and seem to expect it. Chick cholera or white diarrhoea is the trouble. The U. S. Government states that over half the chicks hatched die from this cause.

An Avicol tablet, placed in the drinking water, will positively save your little chicks from all such diseases. Inside of 48 hours the sick ones will be as lively as crickets. Avicol keeps them healthy and makes them grow and develop.

Mrs. Vannie Thacker, R. F. D. 3, St. Paris, O., writes: "I had 90 chicks and they all died but 32. Then I commenced on Avicol and haven't lost any since. They have grown wonderfully."

It costs nothing to try Avicol. If you don't find that it prevents and promptly cures white diarrhoea, chick cholera and all bowel diseases of poultry, tell us and your money will be refunded by return mail. Avicol is sold by most druggists and poultry remedy dealers, or you can send 25c or 50c today for a package by mail postpaid. Burrell-Dugger Co., 624 Columbia Bldg., Indianapolis, Ind.

CHURCH WILL SEND DELEGATION TO MEET IN DAYTON TUESDAY

The Clifton United Presbyterian congregation will send a delegation of young men, headed by their pastor, the Rev. E. G. McKibben, to Dayton, to attend the meeting in the interest of the New World Movement which is to be held at the Y. M. C. A. Tuesday evening.

Dr. J. Alvin Orr, of Philadelphia, formerly of Cedarville, who is chairman of the New World Movement for the United Presbyterian church, will give an address at the meeting; and an address will also be made by D. E. Willis, chairman of the canvassing committee. The following men from Clifton will attend the meeting: John Kyle, Wallace Rife, John Collins, William Ferguson, Frank Turner and Mack Anderson.

The daughters of Queen Lil Tab. will meet Monday, April 19, at their hall at 7:30 o'clock. Election of officers. Annabell Gilkey, H.K. P.; Edna Hicks, C. R.

EAST END NEWS

Mrs. Rosa B. Scott, aged 62, wife of William Scott, died Sunday afternoon.

SHE WASN'T SICK, BUT HER CHILDREN WERE

Six Months of Care and Worry Were Too Much for Her

GOT THIN, NERVOUS, TIRED

Her Brother-in-Law, a Doctor, Said She Was Anemic, and Advised Pepto-Mangan

Here is a story of a strong, vigorous mother who never knew what ill-health was. But three years ago her two little boys got into the habit of being sick.

Six months of care and worry were too much for her and brought to light the fact, that, with all her apparent vigor, she really was anemic. She lost flesh, couldn't sleep well and got nervous.

Then the doctor (her brother-in-law) prescribed Pepto-Mangan. She said: "Fred explained a lot about the special sort of iron content in Pepto-Mangan and a lot of other things that I don't understand, but what I do understand is that a bottle of Pepto-Mangan is always going to be in my medicine closet as long as I live. Whatever it contains I don't know or care, but I do know that it builds me up when I get run down, and that's enough for me." Gude's Pepto-Mangan is an absolutely dependable red-blood builder in all conditions of lowered vitality not due to serious disease of the vital organs. It improves the appetite, imparts color to the cheeks, and creates new hope and ambition in those who have become pale, weak, and listless. Physicians recommend Pepto-Mangan. When you order be sure the words "Gude's" is on the package. Without "Gude's" it is not Pepto-Mangan. Furnished in both liquid and tablet form. For sale by all druggists.—Advt.

"BRINGING UP FATHER"

THE WOMAN WHO LOVED---AND EARNED

BY JANE PHELPS
A MODERN STORY OF HOME AND BUSINESS

Telling Robert.
Chapter 107

As was always the case, Mary spoke first.

"I think it is great, Gerry. You can have all my hats to trim and make. If I sold hats for a thousand years, I couldn't trim one."

"That's because you never learned the trade as I did."

"I don't believe Robert will object," she went on. "I don't see how he can. You are doing nothing that will make him wait for his meals or keep you out when he is at home—only, Gerry, don't take too many customers."

"No danger of that! I may have trouble to find any."

"Nonegense," Betty exclaimed. "Here's one right here. My hats seldom suit me because I don't feel we can afford the smart shop prices."

"Here's another," Jane declared. "I would rather have a hat you fixed for me than any I could buy, no matter how smart the shop. You have a knack of making a hat to suit a person."

"That's long practice, Jane."

"No such thing. It's being an artist. She's just what Carson said, 'An Artist in Hats.' Mary flattered."

"You are going to prove that a woman can make a home and also be

a business woman, aren't you, Gerry?" Jane spoke very soberly. "I have always thought it could be done if only we could work out a way. I have never known anyone who did it. I shall watch you very closely—perhaps—"

"Oh, I don't know girls—but I have sometimes felt just as Gerry does, that my time was spent so idly, when I might be doing something. Carson is so opposed to it. I have never seriously considered it, however."

"And he was the one who started Gerry off," Mary laughingly declared. "Well, girls, so you approve?" I asked after a little more discussion.

"We sure do!" It was Mary speaking. The other girls emphatically assured me they too believed I could manage to make it a success.

They insisted upon helping me with the dishes which I had left on the table while we talked then left me, full of happy thoughts about my plans yet in a way dreading to broach the subject to Robert. But he himself made it easy for me.

"I walked up with Carson," he said, "that's why I am late."

"What did he have to say? Jane was over today. Betty and Mary too."

"He spoke of you, what exquisite taste you had. I guess I brought it on by blowing about how you had helped me at the store, and telling him of the

difference in the windows since you had taken hold of them. We nearly always have a lot of people admiring them, and it brings good many inside to buy."

"What else did he say?" I was wondering if I had better wait until after dinner or tell him while we were eating.

"Oh, he praised the way you planned Mary's wedding present and fixed Jane's hat. I shan't tell you any more, you'll be too puffed up if I do."

"Robert, I have a plan. That's why girls were here today—to talk it over. I knew if they all approved it must be a good one, at least a feasible one. It was Carson who put it into my head."
